AF - Mr. Schwartz

Post-war Intelligence.

I would like to bring the attached memorandum to your attention for consideration in connection with your current investigation of the subject. I would heartily welcome the opportunity to discuss any aspects of the matter which may interest you as this is something in which I have had considerable experience in the field, and in which I am vitally interested myself.

As I originally wrote the attached memorandum in May of this year to Mr. Lyon, I asked for and received his concurrence in sending it to you.

Attachment:

Memorandum.
